

CITES EdTECH TEACHING WITH TECHNOLOGY WORKSHOPS

CITES EdTech offers a variety of training options in support of faculty, staff, and students using technology and online learning systems. All of our workshops are free of charge.

DEVELOP YOUR COURSE WORKSHOPS

This series focuses on becoming a power user of Illinois Compass. Join us for advanced workshops intended for instructors who already have some experience using Illinois Compass and want to explore more advanced uses in their classes. All sessions are held in 23 Illini Hall and registration is required. Please visit our calendar to register.

Online Assignments: Faster, Frequent Feedback

Monday, September 12, 2:00-4:00

Are the Students Getting It? Using Surveys, Self-Tests, and Quizzes

Wednesday, September 14, 10:00-12:00

Before, During, and After the Lecture: Use of Online Discussions

Friday, September 16, 10:00-12:00

Quick Uses of Media Resources to Enhance Course Sites

Tuesday, September 20, 10:00-12:00

BROWN BAG SERIES

At the series, award winning UIUC faculty will talk about how they have successfully integrated web-based technology into their teaching using Illinois Compass. We will also have presentations on expanding and developing teaching strategies through the use of common software and online resources. All presentations are free and open to the public. Please check our web site for topic presentations, dates, and locations.
